RULINGS: PLEASE TYPE THE FOLLOWING ON DOCKET SHEET

Argument heard and rulings made on the record granting in part and deferring decision in part on [47] defendants' motion to compel. The parties are directed to confer with their respective IT experts, and each other, concerning plaintiff's search for and production of ESI, and file a joint updated status report by December 7, 2021. Plaintiff withdraws his objections to Interrogatories 11 and 21, and will provide responses thereto, as discussed; plaintiff's objections to Interrogatories 7 and 12 are overruled, except that, to the extent that plaintiff will stipulate to narrow the scope of the alleged chilling effect claimed in his pleading, Interrogatory 12 will be similarly limited in scope. The January 12, 2022 settlement conference will be held by telephone.
